The FUNÉRAIRE D'OR competition enhanced to highlight sustainable commitments

Following the success of its first edition in 2023, the **FUNÉRAIRE D'OR** competition will return at **FUNÉRAIRE PARIS 2025**, with the launch of a new **Sustainable Development Award** to recognise eco-friendly initiatives among the trade exhibition's exhibitors.

Co-organised by the **CSNAF** (The French Trade Association for Funeral Art) and the **FNF** (French National Funeral Federation), the competition recognises exhibitors' innovations, products, services and expertise. The new Sustainable Development Award complements the three existing categories: **Products**, **Services**, and **Visitors' choice**.

In line with commitments announced earlier this year to make the event more sustainable, FUNÉRAIRE PARIS is strengthening its commitment with the creation of this new award category.

Updated schedule to facilitate applications

Exhibitors will be able to submit their applications — including for the Sustainable Development Award — via an online form. **Each recognised initiative will be showcased** on the exhibition's website on a dedicated awards page. Exhibitors will shortly be informed of the precise terms and conditions of participation.

Early October, the jury will determine the winners of the Products, Services and Sustainable Development Awards, and will select 10 nominees (5 products and 5 services) for the **Visitors' Award**.

The nominees' entries will then be submitted to a public vote among **visitors who have ordered their badge** to enter the trade exhibition.

The 4 prizes will be awarded at a ceremony on the 1st day of the trade exhibition, Wednesday November 19th

- the **FUNÉRAIRE D'OR Products Award** - elected by the jury
- the **FUNÉRAIRE D'OR Services Award** - elected by the jury
- the **FUNÉRAIRE D'OR Visitors' Award** - elected by the visitors of the trade exhibition
- the **FUNÉRAIRE D'OR Sustainable Development Award [NEW]** - elected by the jury

With this new initiative, FUNÉRAIRE PARIS continues to promote and reward concrete actions towards a more sustainable future.
